

Merit-Based Incentive Payment System (MIPS) Advancing Care Information Performance Category Patient-Specific Education Measure Specifications

Objective:

Patient Electronic Access

Measure:

Patient-Specific Education

The MIPS eligible clinician must use clinically relevant information from CEHRT to identify patient-specific educational resources and provide electronic access to those materials to at least one unique patient seen by the MIPS eligible clinician.

Definition of Terms

Patient-Specific Education Resources Identified by CEHRT – Resources or a topic area of resources identified through logic built into certified EHR technology, which evaluates information about the patient and suggests education resources that would be of value to the patient.

Reporting Requirements

NUMERATOR/DENOMINATOR

- **NUMERATOR:** The number of patients in the denominator who were provided electronic access to patient-specific educational resources using clinically relevant information identified from CEHRT during the performance period.
- **DENOMINATOR:** The number of unique patients seen by the MIPS eligible clinician during the performance period.

Scoring Information

BASE SCORE/PERFORMANCE SCORE/BONUS SCORE

- Required for Base Score (50%): **No**

Quality Payment Program

- Percentage of Performance Score (up to 90%): **Up to 10%**
- Eligible for bonus score: **No**

Note: MIPS eligible clinicians must earn the full base score in order to earn any score in the Advancing Care Information performance category. In addition to the base score, MIPS eligible clinicians have the opportunity to earn additional credit through a performance score and the bonus score.

Additional Information

- MIPS eligible clinicians can report the Advancing Care Information measures if they have technology certified to the 2015 Edition, or a combination of technologies from the 2014 and 2015 Editions that support these measures.
- This measure is worth up to 10 percentage points toward the Advancing Care Information performance score. More information about Advancing Care Information scoring is available on the [QPP website](#).
- Paper-based actions are not included in the numerator and denominator. MIPS eligible clinicians may still provide paper based educational materials for their patients, but are not allowed to include them in the measure calculations.
- When reporting as a group for the Advancing Care Information performance category, the group combines the performance of its MIPS eligible clinicians' under one Taxpayer Identification Number (TIN). Therefore, the measure is not calculated based upon one MIPS eligible clinician's performance.

Regulatory References

- For further discussion, please see the Quality Payment Program final rule with comment period: [81 FR 77228](#).
- In order to meet this measure, MIPS eligible clinician must use the capabilities and standards of CEHRT at 45 CFR 170.314(a)(15) or 45 CFR 170.315(a)(13).

Certification and Standards Criteria

Below is the corresponding certification and standards criteria for EHR technology that supports achieving the meaningful use of this measure.

Quality Payment Program

Certification Criteria*

§170.314(a)(15) Clinical

(15) *Patient-specific education resources*. EHR technology must be able to electronically identify for a user patient-specific education resources based on data included in the patient's problem list, medication list, and laboratory tests and values/results:

- (i) In accordance with the standard specified at §170.204(b) and the implementation specifications at §170.204(b)(1) or (2); and
- (ii) By any means other than the method specified in paragraph (a)(15)(i) of this section.

§170.315(a)(13) Clinical

(13) *Patient-specific education resources*. (i) Identify patient-specific education resources based on data included in the patient's problem list and medication list in accordance with at least one of the following standards and implementation specifications:

- (A) The standard and implementation specifications specified in §170.204(b)(3).
- (B) The standard and implementation specifications specified in §170.204(b)(4).

(ii) Optional. Request that patient-specific education resources be identified in accordance with the standard in §170.207(g)(2).

**Depending on the type of certification issued to the EHR technology, it will also have been certified to the certification criterion adopted at 45 CFR 170.314(g)(1) and/or (g)(2) and 45 CFR 170.315 (g)(1) and/or (g)(2); or 45 CFR 170.315(g)(1) and/or (g)(2), in order to assist in the calculation of this meaningful use measure.*
